

## WORKING SAFELY AT AIRIVO

The Government have released guidelines on how businesses can start to plan how they can work safely. We have summarised the key measures we have put in place across our portfolio to welcome you and your team to Airivo.

Clear desk policy to ensure desks can be thoroughly cleaned

Behavioural signage throughout building

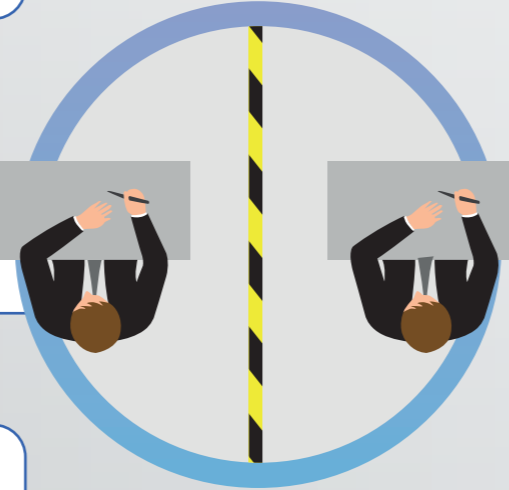

Rearranging desk positions for co-workers to sit back to back

Cleaning and disinfecting increased, focusing on key touch points

Assisting clients to plan their office layouts

Screens for reception area to protect staff and visitors

Bike racks and showers available in some locations to help occupiers walk, run or cycle to work

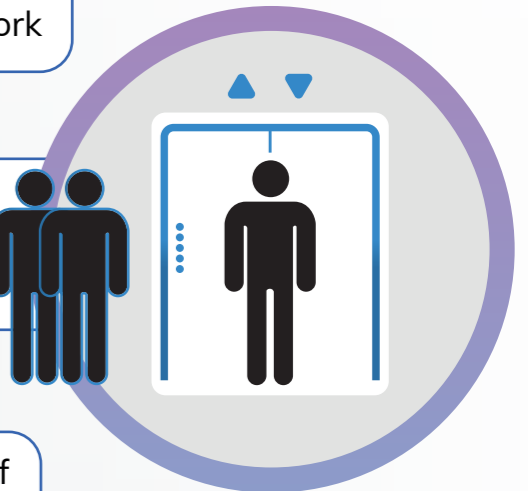

Limited number of people in high traffic areas

Air conditioning has been cleaned and filters disinfected in accordance with guidelines

Signage; especially regarding use of kitchens and toilets

Reduced occupancy for lifts (limited to one person)

Hand sanitisers in key locations throughout the buildings
